SPICE READER QUOTES			
Linda Kaplan	F	no	I just finished Spice and wanted to let you know how much I enjoyed it. The story line, the dialogue, the flow of the story and the character development were wonderful. It had enough suspense, twists, turns and strong characters to hold my interest and make me not want to put it down. I took it everywhere and snuck in a few pages each chance I got. I'm sure you're proud of the results--it was a very good sequel, yet had I not read Sugar, It would have been a good stand alone book, as well. I'd like to order a copy for a Christmas gift for a friend.
Christy at Kauai Business Support Services	F	yes	Once I started Spice I couldn't put it down. I kept the book open and read every chance I got. They should make a movie about it. As I read it, I thought over and over again, this book should be made into a movie! I'm reading Sugar now, as I hadn't read it before and can't wait for the next book in the series.
Ann Fields' sister	F	no	I enjoyed it immensely. I can't believe my sister knows you.
Pam Perreira	F	no	Thank you so much for the autographed "Spice" novel you sent. I read it during our vacation in Maui....missed your book signing there by a couple of weeks. Please e-mail me of any of your future signings, as I would love to meet you. How wonderful to read the final "Spice." What a powerful story! I have fallen in love with "Lili," so your next novel, "That's What Little Girls are Made of" would be my next choice, although Everything Nice would also be a good choice. I hope the holidays with your family were memorable and the New Year brings you everything you deserve. The best of luck to you on your novels and the message they send. Please keep me in mind if you ever need a test reader. Mahalo.
Kathleen Leilani Smith	F	no	I loved it and await another...
Carol O'Hara	F	no	I wouldn't be too concerned about any criticism of "Spice." It's a great story and time will prove that. . . . You're a wonderful and sensitive writer.

Scott Behiel	M	no	I thoroughly enjoyed reading Spice. After the first chapter, I wondered how much your style had changed. When the story settled in, I found it very interesting and I found the development of the characters such that they were easy for me to envision and root for or against. At first I was disappointed in the ending, wishing for a happier one with the Inspector. Then, upon reflection, I found the ending to be profound and probably deserving. Keep up the good work! I enjoyed Sugar, but Spice was simply better. I hope you try a new novel. Investment strategies and golf critiques are nice, but nothing beats a good novel!
Christy & Gina	F	yes	We . . . could not help but think of your awesome books. How is your new book going? Good luck in your writing. We enjoy your books. I loved our books!
Sandy Madewell	F	no	I liked that guy, Lance, the main male character
